ZOEDONE
THE NEW DRINK
A restoring & stimulating but non-alcoholic
*BEVERAGE*
Letter from Dr Lucas, Bombay, Medical Dept. Author of the Elements of Indian Hygiene etc.
"I am of opinion that your invaluable aerated beverage Zoedone deserves the highest attention at the hands of the Indian public. It is not only a health giving drink but essentially, containing as it does the quadruple phosphates of Iron, Lime, Potash, and Soda, a health restoring drink par excellence, reviving and refreshing the vital powers. It would be a blessing indeed if we could see it introduced into hotels, restaurants, regimental messes and canteens. To weakly females in India it would decidedly tend not only to the amelioration of their own health, but that of their offspring, the future generations of men and women. I need scarcely allude to its indication as a remedial and dietetic agent in cases of malarial cachesy, phithis etc."
Letter from Geo. S. A. Ranking, M.A. M.D., Cantabe Surgeon, Indian Medical Department.
"I am of opinion that in Zoedone is to be found a complete solution of the problem which has long exercised the minds of the Medical profession in India, viz., the discovery of a beverage which shall assuage thirst, restore nervous waste, and while being palatable, be also non-alcoholic. It is my firm conviction that if Zoedone be introduced into India it will meet the requirements of those who wish to restore their nervous system without impairing their liver."

NEWSPAPER REPORTS:
Messrs. Parry & Co. sent us a sample of canned corned beef, put up by McCall & Co., at Tuyu, in this province. We have tested and tasted the same, and found it fully equal in all respects to the celebrated American canned corned beef, of which one house imported in one year 208,000 cans. The quality of the beef, and of tongues, in its cooking and preservation, leaves nothing to be desired, while naturally the price is much lower than the imported article; and, besides, we welcome the enterprise all the more heartily because it is of home production. We shall be pleased when we supply our own preserved meats and fruits, our own lard and butter, in fact, everything we consume, excepting teas and spices.—*The Herald*, April 2, 1881.
We are glad to see that the verdict of our colleagues in reference to Messrs. Parry's Argentine Corned Beef, made by McCall and Co., is the same as our own—incomparable. It speaks volumes for the progress of the country to see Argentines appreciating corned beef, which, a few years ago, was looked on here as quite a plebeian dish. The man who can appreciate corned beef, sliced to the thinness of a wafer, with a dim smear of Colman's mustard on it, must have his stomach, if not his heart, in the right place.—*The Standard*, April 5 1881.
LAS CARNES CONSERVADAS.
Junto con la carta de los Sres. Parry y Ca., que ayer publicamos, recibimos dos tarros conteniendo el uno *corned beef* y lenguas el otro. Probamos de ambos, como tuvimos el gusto de anunciar al publico que lo hariamos, y tuvimos de gusto mayor, si cabe, de encontrar las conservas esquisitas.
Especialmente la carne (*corned beef*) puede ser recomendada como un bocado delicioso para el paladar de un gastronomo.
Pero esto no es mas que nuestra opinion particular, que podriamos espresar diciendo que los Sres. Parry y Ca. conservan muy bien sus carnes.
Fuera de nuestra opinion al respecto, esta la consideracion de que estas conservas preparadas en el Tuyu especialmente para la casa Parry, significan la implantacion entre nosotros de una gran industria nacional, de una importancia tal, que por ser palmaria no necesitamos señalarla; nadie desconoce el desarrollo que ha tomado hoy la industria de conservacion de carnes.
Y si a esto se agrega la clase excelente, la superior calidad de las conservas de que hablamos, tendremos que es proceder con la mayor justicia el tributar un merecido elogio a los Sres Parry y Ca.—*La Nacion*, Abril 3 de 1881.
We have used the corned beef and tongue, and find it as good as the best American canned corned beef, and it is sold at a much lower price. We can fully recommend it to our readers, and we wish the enterprise the success it so well deserves.—*The Herald*, April 8, 1881.
La casa Parry y compania es la depositaria de las excelentes conservas de carnes hechas en la Republica, y que estan llamadas en cuanto la exportacion comience y sean conocidos en en el estranjero una de sus verdaderas fuentes de riqueza.
La casa Parry, la primera en su genero, tiende y ofrece al publico, con condiciones ventajosas, los mas excelentes productos de consumo del pais y de ultramar.—*El Correo Espanol*, Abril 10 de 1881.
Il n'y a rien de plus inconnu a la Plata que les industries qui y prosperent: ainsi hier nous avons entendu parler pour la premiere fois de preparations de "corned beef" (boeuf fume) fabrique dans la province de B. Ayres par MM. McCall et Cie.
Ces Messieurs ont installe une usine au Tuyu ou ils fabriquent du "corned beef" en boites absolument semblables comme conditionnement et qualite a ceux que l'on exporte des Estats Unis.
Dans la Republique du Nord on a abattu l'annee dernier 308 mille tetes, pour les employer a la fabrication du "corned beef;" il y a la une mine fort riche a exploiter et nous ne voyons pas quelle raison empecherait MM. MacCall et Cie. de lutter avec les Nord Americains.—*L'Union Francaise*, 1er. Avril 1881.
"Corned Beef" de Parry.—Asi como el laborioso de Bagley consiguio en muy poco tiempo derrotar por completo el accreditado fabricante de galletitas Palmer, de Reading y cerrar el mercado a los productos de aquel y de otros fabricantes estrangeros, por la superioridad reconocida de sus galletitas fabricadas en el pais, asi tambien estamos seguros de que las carnes conservadas de los Sres Parry y Cia preparadas en el Establecimiento del Sr. MacCall, en el Tuyu, acabaran por desterrar de nuestros mercados los productos estrangeros del mismo ramo.
Tiene forzosamente la elaboracion de las carnes que dar buenos resultados en nuestro pais, por la inmunidad, la superioridad y la baratura de la materia prima.
Asi lo han comprendido los Sres Parry y Ca que acaban de introducir en el mercado las carnes conservadas del Tuyu, que, en clase y condicion, pueden competir con ventaja con las conservas americanas y las venceran en menos tiempo quizas que el que creen los mismos Sres Parry, a quienes felicitamos muy sinceramente por la excelente calidad e inmejorable preparacion de su 'Corned Beef.'—*El Comercio del Plata*, Abril 9 de 1881.
We have mentioned before the enterprise of Messrs McCall & Co., in putting up corned beef, which is fully equal to any imported, and which is destined to find a wide market. Messrs Parry & Co., when they undertook to put it on the market, were advised to put a label on it which should disguise its origin and make it appear as if imported. With great wisdom they declined this, and boldly put out the fact that Argentines were beginning to prepare for use some of their own abundant resources, and the results have justified the policy, for an adequate supply has been difficult to get, and the merit of the article will keep it going. It is with pleasure that we give prominence to this beginning, hoping that a long list of undertakings will follow this excellent lead.—*The Herald*, April 14th, 1881.
Your notice of Messrs Parry & Co.'s Argentine Corned Beef, has made our mouths water. I hope that, unlike the immigration to the Argentine Republic, it will not all remain in Buenos Aires. We are, also, men and brothers, although we live north of the 'Arroyo del Medio.'—W. P., of Rosario.—*The Standard* April 14th, 1881.
EL SISTEMA MCCOLL Y CA. PARA LA FABRICACION DE 'CORNED BEEF' EN LATAS.
Estos Sres. dueños de una importante fabrica en Tuyu, han confiado las diligencias de su propaganda a la acreditada casa de los Sres, Parry y Cia, Calle San Martin numero 112, en Buenos Aires.
Asi lo han comprendido tambien los inteligentes industriales que acaban de introducir en el mercado las carnes conservadas de Tuyu, que en clase y condicion pueden competir con ventaja con las conservas americanas a europeas y las venceran en muy poco tiempo.
Es cuestion de precio.
Segun los datos que hemos obtenido se utilizaran segun el sistema McColl y Cia, unicamente la mejor parte del animal.—*La Exposicion de Buenos Aires*, Abril, 1881.

## PROVINCIAL TAXATION.

The attention of Congress will shortly be called to the very prejudicial system of Provincial taxation on industries that certainly merit protection from the local Governments, for the great employment which they afford, instead of a deadening taxation which frightens people of skilled labor from the Republic.

Over and over again we have attacked the abuse of the Provincial Governments levying an export tax on cow hides, sheepskins, and in fact every article of produce. Some one or two parties who were taxed up to the eyes on troops of cattle, driven from Corrientes to other parts, carried their demand to the Supreme Court, where they gained their case; yet, spite of all this, both the Entre Riano and Correntino Governments persist in levying these illegal export taxes, and the result is that the saladeristas on the Entre Riano bank of the Uruguay are hardly able to make a living, and the very 'novillos' that of right should be 'beneficiado' or killed in the saladeros of that province are driven over, free of all tax, into the Banda Oriental, whilst if killed in Entre Rios, from the tip of the horn to the beast's hoofs everything is taxed, and this most pernicious system is carried on because Congress knows nothing of the matter, and we have no Minister of Agriculture to look after and reform such a crying abuse.

The injury is incalculable that all this causes to this country. It may not be generally known, but we assert it without the fear of contradiction. The great Liebig meat factory, perhaps one of the greatest establishments of the kind on this continent, was lost to the Republic through the very abuse which we now demand to be reformed. Mr Giebert, the founder of that factory, came to Buenos Aires with the intention of starting in San Fernando, but was driven away by the taxes his company would have to pay if started in this Republic. The Orientales, however blind they may be in political questions, are certainly far keener than the Argentines in commercial affairs, and certain concessions and exemptions were granted to the fabric by the Montevidean Government, which no one could think of obtaining from the Government in this country.

The lesson is a severe one, yet we doubt if there is a man in Congress who knows anything of it; and if Mr Croker, on behalf of the Liebig Company which he so ably manages, were to apply to-morrow to Congress for liberty to start a branch establishment at the Riachuelo, we ask our readers if there would be the slightest chance of his getting a concession with the same exemptions granted in the Banda Oriental.

Nothing could be more mutually advantageous for the company and this country than a Liebig establishment on the Riachuelo, since, as is well known, there is now always at our corrales a surplusage of cattle, and the supply of animals for such an establishment here, on the very confines of the city, would be infinitely better than away up at the mud hut village of Fray Bentos. Again, we have just noticed the establishment of a London meat preserving firm at Paysandu; we have tried the tongues and corned beef manufactured at that establishment, and pronounce them better than anything we have seen from the U. States. In fact, in recommending these tongues and corned beef to the public here, we may remind them that they have at an infinitely less cost than the people in Europe one of the greatest delicacies, and to our mind an article so excellent shows to what great development our meat staple may yet be brought. The long and ruinous meat question has at last been solved, and Messrs Stevenson & Co of Paysandu can ship to England 70,000 cases without the breakage or injury of a single tin. Many years will not elapse before science will supply some larger package for so noble and so essential a staple, however, we do not deal with that question now, but the more essential one, that with all our cows, 'rodeos'; horned cattle, new estancias &c, Stevenson & Co. of London find it more convenient to start in Paysandu than B. Ayres.

The fault lies certainly somewhere that all these great fabrics start over the river in preference to this Republic: McColl's great tongue factory is not on the Riachuelo but at the Cerro, Montevideo; Liebig's factory is at Fray Bentos not San Fernando; corned beef is canned everywhere save in Buenos Ayres, and now we have Dr Kaunmerich bringing out the most costly machinery and starting his beef extract factory at La Paz: before the foundations are finished the tax-man is around and the accustomed finale cannot but be the sequel, if the National Government or Congress does not interfere to save this new factory from export tax for every case of extract they ship from the river bank.

With the magnificent supply of cattle that we have in this province, is it not remarkable that none of those great factories attempt a foothold in the environs of our Corrales? The 'colas' or cattle which the butchers leave every morning would prove amply sufficient to supply a fabric, but the tax man is the vampire, and now that the country is stretching out and everything showing improvement, it is opportune to ask Congress for a Minister of Agriculture and Industry, whose business will be to reform those great abuses which keep so many of us, here and in the provinces, sitting on cow heads instead of cane-bottomed chairs.

## ONE DAY LATER FROM EUROPE.

We have received by Lamport and Holt's steamer London papers one day later than those by the Royal Mail. We extract the following—

Sir S. Northcote yesterday gave notice to Mr Bradlaugh that he would object to that gentleman being allowed to take the oath on his re-election for Northampton, in the absence of any statement on his part which might remove the difficulty felt by a considerable number of members. Mr. Bradlaugh, in reply, said he imagined the right to demand a statement from a member lay with his constituents only. He also assured Sir S. Northcote that the pamphlets circulated to members of the House are untrue and garbled. It is understood that the Government will also object to Mr Bradlaugh taking the oath, but will introduce a bill to

A telegram from Galway states that on Sunday night a man named John Lydon was murdered at Letterfrack, in County Galway, and his son dangerously wounded. Lydon had taken a farm from which another had been evicted.

Incendiarism has become very prevalent in the Cloghan district, which was recently proclaimed. On Friday night four houses were burned down, making fifteen incendiary fires in the locality within a short time. The claims for compensation amount to £2000. The reason alleged is that the owners of the houses paid their rents.

A process-serving affray took place near Kilkenny on Saturday, on the occasion of the service of writs on the property of a Mrs Keating. It appears that two process-servers were proceeding with an escort of over sixty police to serve writs, when the people, who had assembled to the number of 500, assumed a threatening attitude. An effort was made by some of the local Roman Catholic clergy to bring about a settlement, but Mrs Keating declined. The Rev. Mr O'Shea then addressed the people, and advised them to allow the writs to be served, but the people declined to act on his advice, and armed with sticks, stoutly barred the progress of the party. The riot act was read, and the police charged with fixed bayonets. Several persons were wounded, the police were stoned and one sub-constable was wounded in the face. One of the bailiffs was knocked down at the door of a widow where he was serving a writ. The priest again interfered, and at last the people desisted and allowed the writ to be served.

The coroner's jury in the case of the fatal process-serving affray near Ballaghadersen have returned a verdict of wilful murder against James Broder, Robert Armstrong, Michael Donnelly, Patrick M'Naughtan, and of manslaughter against Walter Hayes.

A telegram from Parsonstown states that information has reached there of a serious affray on the borders of county Tipperary and King's County. The sheriff was seizing some cattle for rent on the property of Mr Maunsell at Shanlane, when a large crowd of men and women made an attempt at rescue. The police are completely surrounded, and telegrams for assistance have reached Parsonstown. A force of military and police have been despatched.

Richd. Hodnett, chairman of the Ballydehob Land League, was arrested yesterday under the coercion act. The prisoner walked to Skibbereen under escort, as no car drivers would assist the police in conveying him. At Skibbereen a large crowd met him, and cheered for O'Donovan Rossa and the Land League. On arriving at Cork in the evening the prisoner was met by a large and enthusiastic crowd.

The Silver Market is unaltered, bars being 52½ and Mexican Dollars 51⅝ per oz.

Under the influence of the more encouraging state of American financial affairs, and the abundant supply of available capital, there has been increased ease in the Money Market to day, while bills in the open discount market are apparently being held back on the possibility of an early reduction in the Bank rate. What little business has taken place in discounts to-day has be done at 2⅜ to ½ per cent. for three months' bills, whilst short loans have been obtained at 1⅜ to 2 per cent. The position of New York Associated Banks is much stronger, the total reserves being now £16,240,000, or £1,610,000 above the required fourth.

No bullion operations took place at the Bank to-day.

## ROSARIO.

*(From our own Correspondent.)*

May 27th

It is but justice to the *Standard* to congratulate you on the excellent getting up of the pamphlet containing President Roca's Message. One can see it was a labour of love. The translation is very good. It will be the first time that an Argentine President's Message will have reached English readers, both here and abroad, in such a handsome form, and accompanied with such a flattering prologue and epilogue. The Message itself is certainly calculated to make a profound impression in Europe, and if an objection be made that both the President and the *Standard* have been rather lavish of the pigment in their paint-box called 'couleur de rose,' every one must acknowledge that the march of events are fully justifying a more than common confidence in the rapid prosperity of this Argentine Republic, the aurora of whose grand future destiny is already palpably visible in the horizon.

I observe that you Porteños are considerably exercised in Bank matters. Strange to say, the Provinces do not appear interested in any of the schemes now before Congress referring to the two great banks. I suppose that the fact is, we have no writers this side of the Arroyo del Medio who are capable of understanding and grappling the subject. One thing I am sorry to see looming ahead, that rival parties will be formed—partizans of the Provincial Bank and partisans of the National Bank—and in the heat of passion the interests of both these great institutions may suffer. The partizans of the National Bank are very numerous in Congress, as that body is principally made up of the men who rose to power with the motto 'Delenda est Carthago,' and who would not be sorry to see the Province of Buenos Ayres receive another debilitating stroke through her monetary colossus. On the other hand, the Senator for San Juan, Mr. Igarzabal, is a rabid partizan of the Provincial Bank. His project is just what I should have expected—the condensed reflexion of many conversations I have had with him on the subject. So thoroughly Porteño has he become in his worship of the Provincial Bank, that I really believe that he would be for prohibiting the import and use of gold and silver, shut up every other bank in the country, and prohibit, under pain of death, the circulation, from Patagones to Jujuy, of anything but the paper dollar of Buenos Ayres. The eight millions of bona fide capital in the National Bank only makes that institution more disreputable in the eyes of the Senator for San Juan. Hence we may expect some sharp fighting in Congress, and some of the blows, in the heat of combat, will possibly fall on the Banks themselves.

What is notable amongst the incipient financiers in the political circles is that all the projects have the taint of old Spanish arbitrariness. There must be no competition with their great national bantlings. They must monopolise the whole Argentine market; and as if that was not enough, they must retain a strong leaven of rascality to strengthen their hands—for what is it but rascality to give a bank what are called 'Derechos Fiscales?

But I will do Mr, Igarzabal the justice to say, he acts in perfect sincerity. His errors are not the result of a political bias. He really believes that the wonderful paper dollar is a long way more valuable than the effigy of our Sovereign Lady, Queen Victoria, stamped on sterling gold. And he is right too in his appreciations, although much exaggerated, as to the uselessness of the National Bank paper in the provinces, which, however, he does not place to the right cause: the fact that the Bank issues in fuertes and commerce is carried on in Bolivians. He is not felicitous when he says that the paper of the Provincial Bank of Buenos Aires is preferred because it assimilates more to the Bolivian type. It is precisely this wretched type that the whole country is interested in rooting out of the Republic, as it is now only the shadow of a monetary circulation which in reality has no base, whatever it may have had in former times, when hundreds of illicit presses worked off the false Bolivian coin that once flooded Peru and the Argentine Republic, and which Chile made it criminal to import into the country. If the worthy senator's idea is to perpetuate the 'Bolivian' in the form of Provincial Bank notes, his colleagues had better shut him up.

Last Sunday we had elections for a Deputy to our Provincial Legislature. They were effected quietly and orderly, just in the way the *Standard* admires, no rival parties intervening. The Government has not yet made known the name of the fortunate individual who henceforth is entitled to a hundred dollars the month.

Foreign opinion is receiving aid from an unexpected quarter. What do you think? Your spicy contemporary, the *Razon* of Tucuman, has taken up the cudgels in defence of a Unitarian form of Government, and writing most eloquently on the propriety of abolishing for once and for ever our present abominable system of fourteen independent States, with accompaniments of Sovereign, Ministers, Legislative Chambers, armies and Supreme Courts, and an average population of a hundred and fifty thousand inhabitants each, some more, some less. If General Roca were to prepare the way for a radical change in our system of plural Governments, doing away with the costly luxury of fourteen absolute kings for a population of two millions of souls, future Argentines would bless him.

The May Fetes passed off quietly. The principal club gave a ball there was the ordinary Te Deum, attended by the official world, and fireworks in the Plaza, the column of which is being demolished to make way for the thirty-five thousand franc marble monument.

"W. P."

The papers mention the sad case of a young Frenchwoman living in Calle Rivadavia who had amassed by honourable industry 200,000 m|c, and who was preparing to return home, when she went out of her mind and is now in the Convalescencia.

## COLON THEATRE.

In all parts of the world the Italian opera is looked forward to with anxiety, and of all the annual amusements none come up to it. No horse races, nor boat races, nor exhibition of pictures, or any other entertainment is justly thought so much of.

Ferrari's company at Colon has already been much criticised, some in extravagant terms of praise, and more than one in spiteful and wanton disparagement of what is really good and worthy of admiration. Take the 'tout ensemble' of the company, and I think it will be found to be far above the average of former years, which warrants the increase of the prices.

As for Tamagno, he appears to me to have grown since last year; anyhow, his lungs appear stronger. I question whether there be another living tenor with so much voice containing so little music; but, as some people only look for quantity and not for quality, they will, no doubt, be delighted with this artist; he is, unquestionably, much admired in the Cazuela.

The two baritones, Batistini and Pogliani are very good indeed, though their voices are very different—one being much higher than the other—they are both well trained artists and could be listened to with pleasure in any European capital. La Giunti Barbera is a most charming singer, and filled her part on Sunday night in 'Un Ballo in Maschera' in a most creditable manner; her voice is of excellent quality. She sings and acts 'con amore' and appears to be well accustomed to the stage: she must always be a favorite wherever she may perform. Castlemary and Marin are both fine basses.

The orchestra, under the able management of the Director Bassi, is all that can be desired, though I am at a loss to understand why there should be such an increase of brass instruments which, at times, induces you to think that you are listening to a military band; with that exception it is splendid.

The choruses are magnificent, and the 'mise en scene' irreproachable; then what do people want more? There are but two European capitals where such an Italian Opera is to be seen—London and Paris—and that is saying a great deal.

Such a galaxy of beauty is, perhaps, only to be witnessed in B. Ayres.

## EDITOR'S TABLE.

The Congo brings news of the arrest of Mr. Dillon, M.P., and a meeting to protest against it. Dublin has been declared in a state of siege. Prince Bismarck has received threatening letters from the Nihilists. Cortes dissolved in Spain. Czar going to convoke a National Assembly. Peruvian Bonds jumped up in London on report of Chilian Protectorate.

We feel pleasure in saluting Mr. Egerton, Her Majesty's Charge d'Affaires, on his return from Tucuman. He arrived on Sunday.

The gentle rain from Heaven came down yesterday, and broken weather has now probably commenced for the winter. It rained heavily last week at Azul and farther South. Rain is ever welcome in these regions, provided it is not followed by frost.

The news from Montevideo is still of the gloomiest kind. The massacre of the Innocents was nothing to the havoc Santos and his merry men have played with our colleagues over the water. Four of them have closed their doors, and another is to be shut up on the 1st June.

We call attention to the advertisement in another column respecting the ssteamer Mensagero of the Eastern Argentine Railway Company. Now is the time for a trip to the lovely and picturesque Upper Uruguay, and the Messenger is the steamer for it. Our readers may remember the high praise given to this steamer, her captain, 'cuisine' and luxurious accommodation, by a subscriber who went up the Uruguay in her during the summer and favoured is with some very interesting notes of his journey.

Our musical critic 'Old Stager' sends us a few lines about the opera at the Colon Theatre on Sunday night. He is such an experienced hand in these matters that his opinion merits weight.

The *Comercio* proposes an Argentine Minister in Berlin as a good means of attracting German emigrants to this country.

There are already four kilometers cleared for the extension of the Tucuman Railway northwards, although the works were commenced only a week ago.

There was an enormous congregation on Sunday in the Cathedral to hear Father Jordan preach. The 'half-season' toilettes of the ladies were truly 'ebloussants,' velvets and other costly materials being evidently in great vogue, and the bills will be stiff when they are sent in. Father Jourdan's discourse was most elequent and impressive, and was listened to with marked attention.

Mr. Angel Elia, who lately succeeded Mr. John Dillon as Commissioner General of Immigration, died suddenly on Saturday night at his residence in Quilmes, and a party of gentlemen whom he had invited to breakfast with him on Sunday morning were fearfully shocked, on their arrival, to learn the sad news. Apoplexy is said to have been the cause of this most sad event. We tender our sincere condolence to the bereaved family.

Liebig's Meat Factory is now exporting its famous Extract to Chile, and it is all the rage in Valparaiso, where everybody puts a spoonful of it in his soup at dinner and in the hospitals it is considered a perfect treasure. How is it that the Extract is so woefully dear and difficult to get in Buenos Aires, instead of being on every grocer's shelves?

The Minister of War is about to raise Bahia Blanca to the category of a 'capitania.' Progress has evidently marked the South for its own.

Our quondam colleague, Hector Varela, is still in Spain, and part proprietor of the *America Latina*.

The *Union Fraucaise* announces an intended marriage in High Life as just broken off, the gentleman being a member of the Corps Diplomatique, and the lady a member of a distinguished Porteña family.

President Roca and his family moved yesterday from the Wanklyn quinta to their town residence for the winter months.

We have to thank the Hon. Secretary of the Zingari Athletic Sports for sending us the official report of the lest competition meeting, but are obliged to hold it over, through want of space today.

The *Tribuna Nacional* says it is certain that Governor Gallino of Corrientes will do his duty and have the assassins of poor Guthrie and M'Donald shot to a man, if convicted, and of this we think there is no doubt. Foreigners will in future fight shy of Corrientes if these villains are not punished. Several Europeans have lately left Tucuman and gone to Corrientes to look for land suitable for sugar plantations. There are now many Englishmen settled in Corrientes and doing well.

The National Guards of the Capital will soon be called out to drill for their appearance on the 9th of July. They are to have a new uniform—blue blouse and white trousers.

The passenger Mole is to be lighted with gas. It is about time.

The fireworks on the 25th cost only $30,000 m|c., which was very reasonable indeed for such a splendid display.

Baron Holleben, German Minister, will take charge of the Spanish Legation during the absence of Sr. Otin, who is about to make a trip to Europe.

The first Argentine gold coin has been struck off at the Mint and presented to President Roca. It is perfect. The London Mint could not turn out a better finished coin. This looks well, after all the doubts and fears about the Mint.

Some of our colleagues see a new departure on the West Coast owing to the United States having recognised the new Government of Peru, which, to make peace permanent, will certainly have to cede a big slice of territory to the conquerors. There is nothing else for it. Pierola is not mentioned, and nobody seems either to know or care where he is.

In Montevideo now the Government seizes all the Argentine papers that criticise recent events there too severely, so most of our colleagues may as well save themselves the postage while the present unutterable muddle lasts.

Dr. Gaston Worms has been named Surgeon Dentist of the French Hospital in Buenos Ayres.

We are glad to see our old acquaintance the *Progreso* of Cordoba coming to us again. It is an age since we saw it last. The May fetes were very brilliant up there, and things in general appear to be very prosperous and jolly.

The Lavarello steamer Sud America is expected at Montevideo today or to-morrow. She had to tow the Cristofero Colombo, which she met disabled between Rio and Montevideo, into the former port, otherwise she would have been here on Sunday last.

The *Guia Industrial*, a valuable publication the price of which was 100 m|c, is now to be had for half that money in all the book shops.

## 'CORRECTION.'

To the Editor of the *Standard*,

Dear Sir,

In your issue of May 29 appears a 'quid pro quo' which, were it not painfully misrepresentative, would be amusingly absurd. In your version of the Archbishop's autograph in the *Invalido Argentino* we read:—"Why does the Argentine invalid suffer to-day? Neither God nor the country love him." You thereby give His Grace the benefit of little less than a blasphemy. Ever so superficial an inkling of Spanish is enough to know that 'lo quieren' (as it stands in the original) would not mean 'love him,' but 'desire it,' namely, that the Argentine invalid 'should suffer.' The final sentence is also inaccurately translated.

Yours, &c.,
J. P. G.

## ON 'CHANGE.

| Patacons | 28.60 |
| Cedulas A | 97 |
| National Bank Shares.. | 93¼ |

Gold opened very hard, and the bulls exultant marked an advance of 5 cents; there was very little sold cash, which proved the great effort made to bolster up the market. Sales for to-morrow a liquidation amounted to 262,000 pats, opening at 28.55, selling up to 28.60 and closing at 28.55. For the end of June 417,500 pats sold at 28.10, and for September, October, November and December at 27.60. Scarcely had the ring closed when the floor of the gold liquidation room gave in with a tumble of 15 cents. Before the English brokers had time to run round to the Bodega for lunch gold was selling cash at 28.45, and such was the stand-from-under feeling in the gold market that many spoke of 28 20 as tomorrow's closing rate.

Cedulas resist the power of the bears and closed up at an advance of ¼, and business for June hard at 97¼.

National Bank Shares reflect the liquidation; over a thousand were thrown on the ring for to-morrow, and prices tumbled from 93½ to 92½, but they at once rebounded and closed firm at opening rate; buyers for July offering, but no sellers; one holder asks 93½ for that date, which as the dividend will be payable on 1st August is about the same rate as today's cash price. The stock looks very speculative, and will probably before July be carried over par.

Belgrano Tram Shares weak and offered; the stock is not in much favor, and buyers pretend 55.

Exchange spite of everything said to the contrary rises. £20,000 best American paper passed at 49 on Saturday and 49½ to-day, but at these rates no more takers. The Western Railway has not yet drawn, and to-day was negotiating its exchange with the Provincial Bank, where it is probable the business will be passed; but at 3 o'clock to-day it was very freely said that the German brokers were selling gold for about two millions of francs in exchange, and this of course had an instantaneous effect on the market.

There was nothing very fresh up from Montevideo; the Cosmos started at 5 sharp, and half the passengers were left behind; business is so dull down there that the Cibils theatre was empty and for the great Bull ring only 2 bids sent in. All the Buenos Aires papers with postage stamps &c., burned to ashes, and if we except a slight stir in the dry hide market, nothing doing. The hide sales reported are—

5500 American at 8.05

1500 becerro 7.45

A lot of Mr Drabble's wool bought for Portugal at 4 pats, 200 pipes tallow in the river at 1.65, and 10 bales of hair at 18.50.

The news from the Rivers is alarming as regards the great floods; never before were the Parana and Uruguay so high and some sweet inlands have temporarily disappeared from the scene; such a sudden rise is almost inexplicable at this time of the year.

The sales at the ring were—

For June 30th 417,500 28.10-15-10

Sales, 2,275.

At the Plaza Once Mr Landora has sold the following—

300 doz. sheepskins at 25 rls., desechos at 19 rls.

85 cow hides at 183

15 ar. horse hair 'a bolar' at 135

Gold at afterhours dropped to 28.40 cash, at which price several lots sold, but towards 4 o'clock buyers were offering freely for to-morrow at 28.45, which was the closing rate—a good deal having been sold at that rate. Cedulas look up, buyers offering 97⅛, holders ask 98. It is possible that to close the liquidation the stock has to be bought. For Nat. Bonds of 1883 brokers offer 95, but holders refuse to sell under par.

The large sale of wool from Unzue's deposit—12,000 arrs. at from 92 to 100—was spoken of on 'Change, buyer French house. Mr. Casey sold a lot at 85, for which on Saturday he could only get 82.

The Provincial Bank discounted to-day from 4 to 5 millions. The Western Railway exchange operation is not yet concluded. The President of the Railway, Dr Jorge, wants 49d. for his bills, but they cannot be done at that rate. It is probable the bills will be passed at 49⅛ to ½ to-morrow and taken by the Bank.

Nearly all the brokers have their lists made out for to-morrow's liquidation, and it looks as if pretty much everything has been closed. The National Bank market appears the only enigma; prices at afterhours ruled so, so. About one thousand shares sold for to-morrow at 92½; prices for June are just beginning to harden at 94, as the great pressure of the liquidation looks over and the stock good buying at that rate.

Exchange—First-class bills passed this afternoon at 49¼; not much done, only one bank taking.

Nat. Treasury Bills offering at 7½. About 40,000 pats. done at that rate.

Another sale of salted hides reported—3000 from Luro's at reserved price—supposed to be 4½.

The Sud American when leaving Rio met the Colombo broken down, and towed her into Rio harbour, which caused her delay.

The Iberia left Valparaiso on 25th, Mr Gonzalez Moreno and family are stopping at the Oriental hotel awaiting her, and Dr Alberdi goes to Europe in her, also Miss Kiernan to Paris.

The very sudden death of Mr Angel Elia, new Commissioner of Immigration, was the talk of Change; he dropped dead whilst playing the flute.

Letters from Tucuman announce a new Sugar Comp. with 350,000 Bol., and already having purchased a large plantation.

A new steam tow Co. for the river Gualeguay is announced. Mr Mendez has applied to E. Rios Government for concession.

Dr Romero, Minister of Hacienda, Corrientes, has arrived about the pending Misiones question. The Nat. Government it seems does not ratify the sales made by the Correntino Government to some new English sugar plantation Companies, the question is a serious one and will be decided by Congress.

Governor Rocha sent to the Chambers today his project for abolition of curso forzoso; we suppose it will appear in the papers to-morrow, it is about the same as the National Government scheme; pay off the bank in bonds and leave the bank to properly supply the market with gold and not to hold its gold lying idle in London; all that is over.

The new Company for posting large advertisements on the Convent walls has sold out and the affair closed up.

We recommend to all Messrs Stevensons & Co.'s corned beef and tongues manufactured at Paysandu, they are for housekeepers the greatest delicacy at breakfast and lunch, and so very cheap every house in town ought to have a supply.

A letter from Sauce Grande states that although it has not rained there much for the last six weeks the flocks and cattle are fat, and there is yet an abundance of grass. The flocks are still lambing fast, and some of them will lamb rather late. Sheep are selling at from 35 to 40 m|c 'al corte,' and cattle at prices varying from 250 m|c and upward according to class and number of novillos.

Movement of Messrs Lamport and Holt's steamers:—

Euclid sails 31st May for Antwerp and Liverpool direct, with a full cargo and several cabin passengers. She takes £50,000 in silver.

Bessel leaves 1st June for Antwerp with

2,850 bales
6,000 salted hides
3,500 bags maize
1,500 dry hides.

The Spanish Minister, Senor Don F. Otin goes by this steamer to Rio.

Thales is now in Rosario. She loads in the Parana 7000 bales and 4000 salted hides, and will fill her for Antwerp and Liverpool, and sail 6th June direct. She brings from Rosario a large number of cabin passengers for Southampton.

Pio Sexy will be in Montevideo to night and returns 4th June in ballast to Santos.

Donati arrived in Montevideo this morning, will be up on Wednesday and sails 8th June for Bremen and London direct. She has engaged in Montevideo 300 tons cargo, and here 1250 bales, 5000 salted hides, 200 boxes tongues. She brings from Liverpool 1300 tons cargo, and 10 head of cattle.

Maskelyne also arrived this morning in Montevideo with dates to 5th May, and will be up on Wednesday with 16 cabin passengers, 20 steerage, 22 head of cattle, and 1400 tons cargo. She loads for Antwerp and Liverpool, and sails 11th June.

Pascal is detained in Montevideo. She proceeds on 2nd June to Santos and Rio, where she has a full cargo of coffee for Europe.

Messrs Woodgate Bros., in their circular for the mail, report—

Salt—Import, 9,949 fanegas. Little demand. Retailing at 2½ 8½ rls. gold on board.

Coal—Import, 11,942 tons. Heavy supplies, but prices sustained. We quote Cardiff $f.9½ gold. House 8½-¾ for cargoes.

Lumber—Import, 4,537,197 feet. Large supplies, chiefly sold before arrival. We quote Pitch pine $f.46 46 on board. White pine 11½ paper disp. in lighter, and Spruce do.

Freights—During the first part of the month the rate for Antwerp was very weak, and bales were taken at 20s; to-day we note a little more movement in shipments and rates are 25s. The number of bales of wool sailed and engaged to date is 167,983 against 213,694 last year

The brigantine Veloz has come up from Patagones, having been at Chuput discharging coal and taking in some new wheat; the operation being done by lighters, as the vessel did not enter the river. She brings the following news:—The great news is the arrival there of the immigrants by the Cabo de Hernos. The old mistake was committed of landing them and their luggage, of which they had an enormous quantity, at Port Madeyn, New Bay, a distance of 40 miles, over a pebbly plateau, from the Colony. Had it not been for the kindness and readiness of the colonists, and the energy of the Comisario, we should have had to repeat the tale of woe of 1876. The ship appeared outside the bar, and then made for the Bay, when Mr Jones despatched two chasques to ascertain for what port, and the following morning was at Port Madeyn with carts, waggons, carriages and horses to take over the women and children. As our readers are aware, these Welsh immigrants come so well provided with farming tools and utensils, that their luggage is always a cargo; so that it becomes a serious affair to land them remotely from their new homes. Thrashing was going on briskly, but no wheat selling, owing to the low price offered. A letter was received in the colony from the Manzana Indian Chief Shayhueque, now a refugee in the fastnesses of the Cordillera. It appears to be a doleful document, and will be celebrated as the outpour of the last formidable aboriginal before the advancing wave of population.

The mails from London bring the following:—

"The Royal Mail Steam Packet Company"—The following is from the Report of the Directors to be submitted to the general meeting on the 27th April:—The accounts for the year 1880, which the Directors now present to the shareholders, comprise a somewhat less amount of work on the Brazil and River Plate routes, but additional voyages on the West India service; there having been, on the whole an excess of 63,000 miles run as compared with the year 1879. It will be observed that, notwithstanding this increase of mileage, the expenditure on coal is not greater than in the previous year. The items of 'general service and stations' and 'port charges' are larger, owing, in a great measure, to the more frequent going into and out of ports; in other respects, where the items relate to the actual working of the ships, the increased service has been carried on without any material addition to the cost. The decrease under the head of contract mail service arises mainly from the reduction in the West India subsidy; and in consequence of the rates of freight and passage money being still impaired by competition, the receipts from those sources have not improved with the additional work performed, but are about the same as those of the previous year. The 'Insurance Account' has been debited with the expenses arising out of the accident to Para's shaft, which has been already reported to the shareholders, and the balance at the credit of the account on the 31st December last is £242,992. Out of the excess over £220,000 the Directors recommend a distribution of £1 10s per share, free of income-tax, payable by warrants to be issued on the evening of the 30th April."

For those who are owners of boxes in Colon or in fact any of our theatres, the following may have much interest. It is an anomaly that a box in Colon should be worth more than a thousand head of cattle 'al corte'' and what is still stranger that a box in the renowned Drury Lane theatre, London, should be so infinitely cheaper than a box in Colon theatre, Buenos Aires. The London *Times* gives the fo lowing:—

"Yesterday two renters' shares in Drury Lane theatre were submitted to competition at the Guildhall Coffee-house by Mr George Robins. The shares were offered in two separate lots. The particulars stated that the shares are held for a period of 75 years and a quarter, from 29th Sept., 1819, and were originally entitled to 2s 6d per night of performance, but an annual dividend is now paid upon them, together with a free admission, admitting upon all occasions and to every performance, transferable or saleable annually, and that the last dividend declared, which was paid in January last, was £10 2s 6d per share, the particulars adding that the next dividend would in all probability be enhanced, consequent upon the unprecedented success under the present management. The auctioneer, in introducing the property, said that there was the best security for an increasing dividend on the shares. The lessee's rental this year was £5,000 for 200 performances, and £10 per night for each additional performance, while next year the rental would be £5,000 for 200 performances, and £10 per night afterwards for each performance. The two shares were ultimately sold for £56 and £58 respectively, as against £71 which similar shares realized in October last, when the dividend was less than at present. Two renters' nominations, admitting to all performances until the 28th of September next, were afterwards offered, and sold for £1 10s each. A table showing the rates of dividends on renters' shares for the last nine years accompanied the particulars, from which it appeared that within that period the dividends have varied from £5 to £12 10s, the last named dividend being paid in 1877 and £11 17s in 1878."

The London papers received by the Trent all speak of increasing ease in that money market; the *Times* says:—

"Business in all departments in the city has again been very quiet. The value of money has been drooping throughout the week, and the discount rates have in consequence inclined downwards; but the change in the terms for bills is less marked than for loans at call, for which the charge to-day has been 2 per cent. The return of the New York Associated Banks issued this afternoon shows the large increase of £800,000 in the specie and £200,000 in the legal tenders, making a total addition of £1,000,000 to the reserve. It may be considered, therefore, that for the present the New York money market is passing into a condition of ease, though it is of course impossible to foresee how soon the liability of this market to spasmodic stringency will again be manifested. The margin of the reserve held above the legal minimum required is now £1,600,000. The English Funds are again higher in price. Consols for money have risen ⅛ to 101⅛ to 101¼, and 5-16 for the account to 101¼. New Threes and Reduced are ¼ better at 100 to 100⅛, and New Two-and-a-Half per Cents ⅛ at 85 to 87. Exchequer Bills rose 1s, and India Four per Cent Debentures ½ higher. Nearly all British Corporation Stocks are quoted at higher figures. Colonial Bonds in some cases are firmer, and Indian Railway Stocks show a general rise."

**Importantisimo, leer esto**

La practica nos ha enseñado, como asi mismo las indicaciones de nuestra amistosa clientela, que no debe lanzarse a remate ninguna propiedad de cuya bondad de titulos no tenga la casa confianza y seguridad absoluta, por cuya razon hemos trabajado mas de dos meses hasta reunir toda la documentacion necesaria para presentar en venta esta zona importante de tierra, sin que los interesados tengan necesidad a pedir datos.

Hemos impreso un folleto, que contiene; 1° El plano de Santa Fe y su vecina Santiago del Estero. 2° El informe del Gobernador de la Provincia, declarando "ser propiedad de los Campos al campo a venderse, acompañando copia legalizada de la ley que autorizo la venta y reconociendo en el derecho a su enagenacion. 3° Carta del Señor Obligado que ha recorrido los campos durante anos) determinando su ubicacion, buena calidad, ventajas de su adquisicion, condiciones, etc. etc. 4° Planos del campo a venderse, con determinacion de lotes y la ubicacion de todas las importantes colonias con que se avecinan 5° Nomina de los linderos y establecimientos importantes inmediatos. 6° Informe escrito del estudio hecho de todos los documentos y titulos por el acreditado escritano Sr. D. Victoriano Cabral, que los declara inmejorables y finalmente todo lo pertinente al conocimiento de lo que debe adquirirse.

Este folleto, asi como las entradas para el lunch, se entregaran en nuestra casa a las personas que se dignen venir a solicitarlo.

**Pormenores**

Estos campos distan solo 5 leguas de las colonias Sanchales y Espin [suizo] y 7 o 10 de las estancias de Escalada, Ramayon, Coronel Obligado y hermano, Dr Pedro Palacios, Banco de Londres, Coronel Lacueva, Coronel Jabson. Lindan a mas con los Sres W Paste y Ca, Dr Lawsen, Meyer, Ozaiza, Duchiwitz, Altgelt, Napp, Loissoau, Bonorme, Newton, Mulhall y otros, que adquieren en la misma forma hacen diez anos.

La traza del ferro carril de Santa Fe a Santiago, cruza estos campos y se radicara una o dos estaciones en ellas.

Con la base fijada, no se habran puesto en venta campos mas baratos y si se habran adquirido jamas mejores como calidad, pues el Sr Coronel Obligado dice en su informe que son SUPERIORES a los del Sud de Cordoba y a los del Departamento del Rosario.

Hay campos linderos, que se han vendido (y mostraremos el certificado) a 3000 $fts. la legua.

En la colonia Espin, donde existen mas de 150 familias fundada por el Sr Benitez, se venden las concesiones a 206 $fts de 80 a 20 cuadras, luego la legua ha producido ya mil onzas de oro, en 80 concesiones.

Los campos estan mensurados judicialmente perfectamente amojonados con grandes postes de nandubay.

Hoy dia, la casa bancaria de los Sres Murrieta en Londres, esta recibiendo los campos del Chaco, del Gobierno de Santa Fe, en pago del emprestito a razon de 1600 $f. por legua, y estos son superiores y mas cerca de la capital.

Para terminar: la familia Canepa, es propietaria en el Rosario y esto redobla la garantia.

Por informes, folletos, planos etc, a nuestra casa San Martin 51.

## STATE OF IRELAND.

The Land Committee have printed another pamphlet, the tenth of a series, which is a REPLY upon 'Mr Gladstone's Bill.' It is by Dr Webb, Q.C., the writer of 'Confiscation or Contract,' 'Mr Gladstone and the Three F's,' and other pamphlets on the land question, and is written in the same style. It ably dissects the Bill, pointing out the objections to the tribunals and the mode of fixing rent, and contrasts the provisions of the Bill with principles laid down by Mr Gladstone, and shows that it will work great injustice to the owners of property. The pamphlet, it is expected, will be issued to-morrow.

The spirit of lawlessness is showing itself again in some parts of the country, the fear inspired by the Protection Act having considerably abated since its limited range and mild administration began to be understood. Although the number of outrages has been reduced to about one-fifth of what it was a few months ago, there are unpleasant symptoms of a revival of them, and the service of writs has again become a work of extreme difficulty and danger in some places, and in others impossible. An agent of the Emergency Committee was down on Tuesday night to serve ejectments on Lord Castlemaine's property, near Dromod. The Agent started from Longford for Dromod on Wednesday, escorted by 150 police. On the party arriving at Rooskey it was found that the drawbridge across the Shannon had been opened. After considerable delay, the police, with the aid of ropes thrown from the Rooskey side of the river, were able to close the bridge so as to enable them to pass over. It is supposed that the bridge was opened at night with the design of drowning the police. Service of the writs could only be effected by nailing them to the doors.

An agent of the Emergency Committee proceeded yesterday, with an escort of 60 police, under Mr French, R.M., to serve writs to Messrs. Dudgeon and Emerson, solicitors, on the lands of Glengoole, near Thurles, the property of Mr Cooper. A short distance from the property they were met by a mob of 1,000 persons, armed with sticks and stones, who attacked the party. The police charged, and several persons were injured, the agent of the Committee severely. The service of the writs had to be abandoned. An application will be made to the Court of Common Pleas, to serve the writs through the post.

Later accounts of the scene near Thurles show that the riot was of a formidable character. It occurred at a place called Glengoole, in the parish of Kilcorby, within four miles of Killenaul, in the county Tipperary. A force of 80 police proceeded to protect the process-server. They were divided into company sections. The main body took a circular route, and the smaller division went direct to the place. Why this peculiar strategy should have been adopted after the lesson taught by the attack at Ballaghadereen is not explained. After two writs had been posted an immense crowd collected around, with sticks, stones, and other missiles, and surrounding the police, threatened them with instant destruction if they did not desist. The police then retired to await the arrival of the main body. Meanwhile, the parish priest, who had been sent for, came on the scene accompanied by Mr French, R. M., and exhorted the people to offer no obstruction to the police, who were only doing their duty. A woman in the crowd immediately struck the rev. gentleman, who using his parental authority, inflicted a severe castigation upon her. The crowd listened patiently to his advice, but did not follow it; on the contrary, when the agent, acting as process-server, proceeded to post the remaining notices, guarded by the police, with muskets and drawn bayonets, the crowd became infuriated, and uttering such cries as 'The Boers have taught us that we can beat you,' they pressed closely around the constables, and began to assail them with clods and stones. One of the constables was cut severely in the face with a stone. Others also were struck. The women were the most violent; the police, however showed the utmost forbearance. When they arrived at the houses they found bodies of men drawn up in front, who evidently supposed that it was necessary to post the notices on the front door. The police, however, went quickly round to the back, and having completed their work, to the surprise of the crowd, returned to their station.

The emergency committee recently made arrangements to send a relief party to the assistance of Mr Bournes, an old gentleman, 80 years of age, residing near Belmullet, county Mayo. The party was to have arrived this day, and to have been accommodated in a house close to Mr Bournes' residence. Last night the house intended for the accommodation of the men was burnt to the ground.

To-day the adjourned inquest touching the death of Joseph Corcoran was resumed at Coolavin, county Sligo. Corcoran and a man named Bryan Flannery belonged to a party of men who attacked a small force of constabulary, consisting of Constable Armstrong and Sub-constables Hayes, Donnelly, and M'Naughton, and a process-server named Broder, on the 2nd inst, and the police having been forced to use their rifles, several of the party were wounded, and Corcoran and Flannery were several beaten with sticks and stones on the occasion, and after lingering a few days Corcoran died. Sub-constable Hayes was also maltreated, and up to the present he has been unable to resume duty. It is expected, however, that he will be able to attend the inquest in the capacity of a witness on Monday next. There was only one witness examined to-day — Sub-constable Donnelly—who was himself one of the party attacked by the mob. He deposed that when he and his comrades and Broder were on their way from Mullaghroe to Cloher Barracks they were met on the road at Monasteraden by a number of women, who were followed by a crowd of men, armed with sticks and stones, and whose attitude was most threatening. The process-server, who had been frustrated in his efforts to serve legal notices for the payment of rent on tenants on Mr French's estate on the previous day, apprehended danger when he saw the crowd, and turning with his face to the fence which bounded one side of the road, he capped his revolver. Constable Armstrong remonstrated with the women, and, as if to warn the crowd of the consequences of acting a hostile part, he pulled out a cartridge from his pouch and exposed it in his hand. He caught a woman who appeared to be the ringleader of her party by the arm, and told her that if she did not mind she might find herself in the body of the gaol. He loaded his rifle, and told the crowd they should mind themselves. The crowd became very excited, the shouting grew louder, the waving of sticks increased, and the constable ordered his men to fix swords and load their rifles. The crowd then shouted' 'On look at their bayonets.' Stones were thrown in volleys, and the constables rushed into the crowd and caught a man. Witness was then attacked, and shortly afterwards a shot was fired in the crowd. When the constable got rid of his assailants he staggered and fell on his right side. There was thea a deep gash in his head, from which blood flowed freely. Owing to the violence of the crowd witness was obliged to fire twice with buckshot, and on being pursued in company with Sub-constable M'Naughton, he was only able to shake off his assailants by threatening to fire on them with bullets. When he was being pursued he looked round and saw the crowd beating something on the road about the spot where Constable Armstrong was lying. Witness and Sub-constable M'Naughton got back to barracks through the field after hiding themselves in the thicket. Broder, the process-server, escaped uninjured. The inquest was adjourned shortly after 5 o'clock.

## THE DOTTEREL DISASTER.

Ferro Carril Central Argentino,
Estacion Rosario, May 2.

To the Editor of the *Standard*.

Dear Sir,

I shall esteem it a great favour if you will do me the honour to insert in your important newspaper a few very incomplete remarks I desire to make upon a subject which I think calls for some consideration on the part of the British community in this country.

Very recently a terrible accident occurred in South American waters, on board H.M.S. Dotterel, resulting in the sudden death of some 140 gallant men, who were hurled into eternity under circumstances of a truly dreadful nature.

These poor fellows must have left to mourn their loss many a tender, loving woman, wife, mother or sister, and although the anguish and grief which is now their portion can never be wholly removed, yet it is in the power of others to meet the distress of poverty, which, in most cases, must be added to the distress of mind.

Prompted by that spirit of sympathy with the afflicted, which ever characterizes every true British heart, I doubt not but that a fund will be at once raised in England to relieve the sufferers; but I should like to see, added to this, the mite of the English-speaking people who have made this Republic their home.

I know well, Sir, that you are at all times prepared to give your utmost aid in the cause of charity, as has lately been evinced by the kindly help you rendered in the case of the Irish Relief Fund, and I feel sure that you will be ready and willing to give your assistance on this occasion with your whole heart.

For my own part, I shall make every effort to enlist the sympathy of my friends, and I trust that Buenos Aires may soon come forward with those in influential positions to recognise and deal with this question in a more comprehensive and extended form than I am qualified to do, as an humble employé of the Central Argentine Railway.

I am, Sir,
Your obedient servant
"W"

## ANOTHER LOST MAN.

603 Manhattan-street, Greenpoint,
Brooklyn,
State of New York.

To the Editor of the *Standard*.

Dear Sir,

Hearing of your ability to ferrit out information through your valuable paper, the *Standard*, you will confer a favor on me if you will try and find out an uncle of mine: his name is Patrick Lynagh. He left Ireland over 35 years ago. He settled in Buenos Aires. This is according to the accounts I heard my father talking of. My father's name is James Lynagh, and I am the oldest of 14 children—my name is James. I am about making a trip there and would like to meet a friend; for this reason I beg of you to see if you can get any information to send me. If you see him and he wants any information about his family, I can give him a true account, if he will write to me. I met a man that told me he saw his name over a store in a place called Calle de Viente Cinco de Mayo, Buenos Aires, South America.

Hoping that you will sacrifice a few of your leisure moments to try and give me some information, your humble servant will for ever pray.

*James J. Lynaght.*

## Mrs S. A. Allen's World's Hair Restorer

The Genuine only in Pink Paper Wrappers.

It cannot fail to Restore Grey Hair to its youthful Colour, Gloss and Beauty.

IT IS NOT A DYE

It ever proves itself the natural strengthener of the Human Hair,

THERE are two special qualities which determine and fix the superiority and excellence of Mrs S. A. Allen's World's Hair Restorer:—First—its prompt quick action, and the new growth, life, and vigour that it is sure to give to the hair, never failing by a few applications to Restore Grey or White Hair to its Youthful Colour, imparting to the hair a delightful aroma, fresh, delicate, and unchangeable in any climate. Second—its easy application without any previous preparation of the hair; without that sticky and disagreeable sulphur odour found and complained in other preparations. It never stains the skin or linen. It retains the hair in any desired position, and is cooling and cleaning to the scalp.

Use no other Preparations with it, not even Oil or Pomade or Zylo-Balsamum

To Restore Grey Hair, Mrs. S. A. Allen's World's Hair Restorer is the best.

Because it is made from Choice Materials, and prepared with the utmost Care and Skill.

Because over Forty Years the Favourite Preparation, enjoying by far the Largest Sale, it must be the Best.

Because it Does Not Dye the Hair, but Strengthens it. Grey Hairs soon Disappear.

Because by its Gentle Tonic Action the Roots are strengthened—New Life, and Hair Natural Colour.

Because the Soft and Silky Texture of Healthy Hair follows its use.

THE HAIR

Its Beauty can be Restored and Preserved

"Beautiful Hair,
Nature's Crown, Luxuriant and Beautiful Hair."

It cannot truthfully be said that at any age, period, or condition of life the Hair can or should be allowed to take care of itself, and requires no aid to stimulate and maintain its growth.

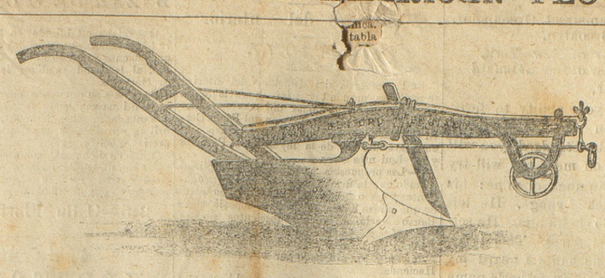
## HOWARD'S IMPROVED AMERICAN PLOUGHS.



The above represents the well known 'Eagle 75' Plough which, and other sizes, are manufactured by J. & F. HOWARD in the highest style of workmanship, and tens of thousands are in use. Several manifest improvements have been introduced. As shown in the engraving, the body clips the beam, and the 'centre draught' is also taken from the strongest part of the iron body,—thus giving an additional security against the beam breaking at the bolt holes—a very common occurrence with American made Ploughs.

The beam is made of Oak, and can if required be fitted with a steel plate on each side.

The shares are hardened upon J. & F. HOWARD'S well known patented *water-chill* process, which renders them not only tough and hard, but ensures their wearing better and longer than made when by any other process.

Prices of the various sizes, Nos. 19, 19½, 25, 26, 55, 75, &c., sent on application.

The above Implements kept in Stock by the Principal Hardware Merchants.

## Dysentery, Cholera, Fever, Ague, Coughs, Colds, &c.

*Dr. J. COLLIS BROWNE'S*
(Ex Army Medical Staff)

## CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—*See Times*, July 12th 1864.

The Public, therefore, are cautioned against using any other than

Dr. J. Collis Browne's Chlorodyne.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—Diptheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitations and Spasms.

CHLORODYNE the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis &c.

Extracts from Medical Opinions.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne. *See Lancet*, Dec. 31st, 1864.

From A. Montgomery, Esq. late Inspector of Hospitals, Bombay. 'Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, later eighteen months' severe suffering, and when other remedies had failed.

Dr. Lowe, Medical Missionary in India, reports (December 1865) that in nearly every case of Cholera in which Dr. J. Collin Browne's Chlorodyne was administered, the patient recovered.

Extract from the General Board of Health, London, as to its efficacy in Cholera. 'So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases.

See leading article, *Pharmaceutical Journal*, August 1st, 1860, which states that Dr. J. Collis Browne was the inventor of Chlorodyne, that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION. None genuine without the words 'Dr. J. Collis Browne' on the Government Stamp. Overwhelming medical testimony accompanies each bottle.
